## Program Access Card

### One card for all your CGC programs!

Non-members registered in our fee based programs will receive this red card the first time they register.

### How do they work?

- Cards are handed out at the time of in-person registration or can be picked up prior to or on the program start date (unless you already have one from previous sessions).
- Swiping the card at the turnstiles will give you access up to 30mins before and during your registered program.
- Children under the age of 12 must be accompanied by an adult.

### What if I forget my card?

- No problem – check in at our Customer Service Desk to validate your registration in the program. But please note, after the third time you've forgotten your card you'll be required to purchase a replacement card with a fee of \$2+tax.

### What if I already have a card from registering in a previous programming session?

- Great! It'll reload itself with your new programs automatically. Just remember to bring it with you on the program start date and there's no need to check in.

### I'm a member, do I need one of these cards?

- No, all you need is your membership card

### Additional Details:

- Once children under 12 have swiped their Program Access Card the Gate Monitor/or Customer Service Staff will buzz the accompanying adult through the gate. If additional parents/guardians/spectators arrive after the participant has gained access, they are asked to check-in with our Customer Service Desk to verify their child's registration in the program, and then they will also be let in through the access gate.
- Even though an adult is not required to accompany program participants 12+ years, we understand that many may still wish to watch their child during their session. These individuals may access the facility at the same time as the card holder, but adults will not be granted entrance if they arrive after the program participant swipes their card and enters.

# Physical Literacy – It Happens Here.

## Phys·i·cal Lit·er·a·cy *noun* :

Just like when learning to read, we start with syllables, not novels. Physical literacy starts with fundamental movements like jumping, throwing, catching, hitting and swimming. These skills are taught in a fun and engaging way to encourage enjoyment of physical activity.

At the CGC, we believe that enjoying physical activity is an important motivator when it comes to developing lifelong healthy habits. With this in mind, we strive to help young Nova Scotians experience this enjoyment and become physically literate through our programming.

To ensure our programs are both accessible and of the highest quality, we're involved in the following initiatives:

## Sport for Life

**Sport for Life** (S4L) is a national movement to improve the quality of sport and physical activity in Canada. A key feature of S4L is Long-Term Athlete Development (LTAD), a developmental pathway not only providing optimal training and support to our athletes, but also increasing Physical Literacy for all Canadians, young to young at heart.

**Active for Life** is an online resource where parents can find fun ways of making sure their children get the recommended daily amount of physical activity.

**HIGH FIVE**  
The best way to play™

**HIGH FIVE** is a quality assurance standard for children's recreation and sport across Canada. This standard ensures children ages 6-12 receive quality programming aligned with healthy child development of mind, body and fun! We are a HIGH FIVE Registered Organization and train our instructors to deliver the HIGH FIVE standard.

## ■ AQUATICS REGISTRATION INFORMATION

To register for swim lessons, first determine the appropriate swim level. If unsure, refer to the program descriptions and lessons chart in this guide or contact our Aquatics Program Supervisor at **902.490.2913** or [obriend@canadagamescentre.ca](mailto:obriend@canadagamescentre.ca).

Next, refer to the days, times and sections of a particular class or level (see chart on page 38). If a section time is full when you attempt to register, please register for another section time or register on our waiting list. We do our best to fill waiting list requests. Due to a commitment to quality and safety we are unable to accommodate extra swimmers once a section is filled. Please refer to registration instructions on page 3 for online or in-person registration. Registration is ongoing until 1 week prior to class start date. CGC Swim For Life levels and Canadian Lifesaving Swim Patrol (Swimmers 7, 8 & 9) are HST exempt. Applicable taxes will be added to the registration fee for other programs.

Based on the internationally recognized Swim to Survive standard and aligned with the Canadian Sport for Life model, the Lifesaving Society's Swim for Life Program focuses on basic survival skills and proper swimming technique – fun from day one! Swim for Life starts by developing strong foundational and personal self-rescue skills, then continues on by challenging swimmers to develop stronger swimming strokes. Success oriented and fun for the entire family, there is something for everyone in the Swim for Life program.

## ■ PARENT & TOT PROGRAMS

Ages 4 months-3+ years and caregivers  
9 lessons | 35 minutes per lesson  
Members \$75, Non-Members \$105

See chart on page 38 for swim lesson days and times.

Based on the principle “within arm’s reach”, our Parent & Tot levels focus on close, playful interaction, and shared fun between child, caregiver, and water. Activities and progressions are based on child development. Parents are to register their child in the appropriate level for his/her age. Through safety tips provided, caregivers learn what it takes to make Water Smart® choices.

### **PARENT & TOT 1**

4-18 MONTHS | Online registration code **110111**

Splish, splash, laugh - babies just love to play in water. Parents with 4-18 month old babies will explore the water together under the watchful eyes of their instructor. They'll learn how to safely enter and exit the water together. Parents will also learn how to safely support their child while they discover the water.

### **PARENT & TOT 2**

18-30 months | Online registration code **110112**

Water play – get set, get wet! Instructor-led sessions help parents with 18-30 month old children safely explore water together. Parents are taught how to support their child while floating and kicking. They can celebrate together when they can get their face wet and blow bubbles for the first time.

### **PARENT & TOT 3**

2.5-3.5 years | Online registration code **110113**

Just watch them grow! At 2.5-3.5 years these almost independent toddlers are really ready to explore: getting in, getting out, going under and floating while under the watchful eye of their parents and instructor. As the classes progress, parents will spend less and less time in the water to help prepare participants for Preschool Level 1.

## ■ PRESCHOOL PROGRAMS

Ages 3-5 years old  
9 lessons, 35 minutes per lesson  
Members \$75, Non-Members \$105

See chart on page 38 for swim lesson days and times.

The Swim for Life Preschool Program gives children an active start on learning how to swim. These 3-5 year old preschoolers learn how to be comfortable in the water and have fun. They develop a foundation of water skills and a healthy respect for the water before getting in too deep. Water Smart® education is taught in all Preschool levels.

### **PRESCHOOL 1 | Online registration code 110121**

These preschoolers learn how to get in and out of the water safely. They'll also learn how to move safely in shallow water while using a lifejacket (as needed) to become comfortable with their floats and glides.

### **PRESCHOOL 2 | Online registration code 110122**

These youngsters will explore the water while learning to submerge and exhale underwater. Buoyant aids are used to help them discover rollovers, glides, and flutter kicks.

### **PRESCHOOL 4 | Online registration code 110124**

These capable preschoolers will strengthen their flutter kicks and try swimming front crawl. They'll start to learn how to support themselves in deep water and by the end perform jumps and side rolls on their own. Their lifejacket will support them while they learn to tread water and swim to safety (5-10m) in the deep end.

### **PRESCHOOL 5 | Online registration code 110125**

These skilled and independent youngsters will master short swims doing front crawl (5-10m) and back crawl (3-5m). Here they will get their first chance to try whip kick and fitness training.

Throughout the year, specially trained Lifesaving Coaches will concentrate on developing each swimmer's strength, power, and endurance. Participants will also focus on teamwork, sportsmanship, achieving personal bests, and, most of all having fun! During the competition season, CGC Jr. Lifesaving Club members may have the opportunity to train for and participate in a number of pool events including the Nova Scotia Pool Series and the Canadian Lifesaving Championships. Please note participants may be split into two groups based on abilities for specific training components or for best growth.

The Water Polo Club is for kids who enjoy the sport and who have shown the dedication and desire to succeed at a competitive level. This club is comprised of water polo athletes selected through an evaluation process by the head coach at the end of each session or via registration in accordance with pre-requisites above. Club members will participate in three training sessions per week: two water workouts and one dryland training sessions which involves conditioning, flexibility, and water polo specific exercises. Athletes in this level will have the opportunity to play in local and provincial meets, participate in fun activity nights and other training opportunities.
